The **Winery at Wolf Creek** was founded in 1980 by Andrew Wineberg. The winery operation was purchased by long-time vineyard manager Andy Troutman and his wife Deanna in June of 2002. Since then the winery has expanded production and vineyard acreage, and continues to offer a selection of mostly Ohio-grown wines. Much of the original hillside vineyards have been replanted with European grape varieties such as Cabernet Franc, Riesling, Pinot Gris, Muscat, and Pinot Noir.
